The Alzheimer Society of Ireland

The Alzheimer Society of Ireland is a national voluntary organisation and a registered charity. The Society provides over a hundred dementia-specific specialist services to people with dementia and their families across Ireland.

The Society's mission is to advocate the rights and meet the needs of people with dementia and those who care for them.

What We Do

The Alzheimer Society of Ireland

- supports individuals, carers and families living with dementia.
- provides quality, dementia-specific care.
- raises public awareness and provides information.
- lobbies for better statutory services, including specialist services for younger people with dementia.
- works to represent the views, needs and concerns of all affected by dementia.
- campaigns to make dementia a national health priority.

Our Core Values

The Society is dedicated to providing dementia-specific specialist care and support which maintains an exclusive focus on people with dementia and their family carers.

Our services strive to provide person-centered care which reflects the needs, wishes and views of people with dementia, including their personality, biography, achievements and life stories. Our trained staff and volunteers work with people with dementia and their families to maximise quality of life.

The Services We Provide

The Alzheimer Society of Ireland works at the heart of local communities providing a network of support services including:

- **Day Care:** A national network of centres provide specialist care to meet the needs of people with dementia in a warm, welcoming and safe environment. The centres provide care and stimulation for the person and a break for family caregivers.
- **Home Care:** This service assigns a trained dementia care worker to a client's home for a designated number of hours per week. The service offers care, support and activities to the person with dementia and access to practical information, support and a break from caring for caregivers.
- **Support Groups:** Family / Carer Support Groups operate around the country and usually meet on a monthly basis. The groups offer an opportunity to meet others and access information and practical advice in a welcoming and supportive environment.
- **The Alzheimer National Helpline Service - 1800 341 341 or helpline@alzheimer.ie**
This confidential service provides practical information and emotional support to people whose lives are affected by dementia and to people who are worried about dementia. The Helpline operates from Monday to Friday, 10 am to 4 pm.
- The Society provides a national overnight Respite Service in Blackrock, Co Dublin, an Advocacy Service in Dublin and a number of weekly Social Clubs in some parts of Ireland.

For further information about services available in your area please contact the National Helpline at 1800 341 341 or log onto www.alzheimer.ie

Fundraising

Fundraising is extremely important for the Society, each year we need to raise €5 million to provide our services to people with dementia and their families.

How you can help

Fundraise: Support **Alzheimer's Tea Day** every May by hosting a Tea Day party or attending an event in your area. Run a marathon or organise your own fundraising event – our Fundraising team is on hand to support you and we are always looking for new and exciting ways to raise money.

Donate: Become a member or set up a monthly donation with us. A regular monthly gift means less administration costs and provides us with the security we need to continue our vital services. Or make an individual donation to the Society – you can donate on-line, over the phone or by post. Every donation, no matter what the size, will help us.

Did you know that The Society can claim back thousands of euro from the Revenue Commissioners each year? Your donation of €250 or more in the year could be worth up to 72% more to us at no extra cost to you.

Corporate Giving: The Corporate Sector has been a great support to us. There are many ways Companies can work in partnership with us including sponsorship, cause related marketing or helping us with our Christmas Card Campaign.

Legacies: Leaving a gift of a legacy to the Society ensures that your valuable support carries on for many years to come.

Volunteer: Would you be able to give us some of your time? There are many ways we can use your help. Contact us to find out more.

To find out more call 01 2073800, email fundraising@alzheimer.ie or visit www.alzheimer.ie
