Dear Supporter,

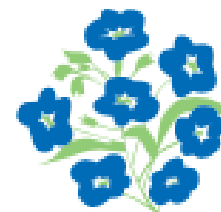

As the General Election approaches, we're asking all supporters of The Alzheimer Society of Ireland to speak up. Share your story and tell candidates to support people with dementia and their carers, ensuring proper community care for the next five years.

Encourage candidates to sign our pledge at www.dementiapledge.ie and share their commitment on social media using [#dementiapledge](https://twitter.com/dementiapledge).

You can also write directly to candidates through our online campaign tool www.dementiapledge.ie, tell them your story, and let them know what matters to you.

We'll keep you updated on the campaign!
